# Avocado Design

The avocado at the bottom will be draggable, not functionality for the thing on the left side and right side yet.
When clicking the play button it will change to the stop button

Colour reference:

Font: Rowdies

Element reference:

Change needs to be made:
Avocado 6 and avocado 8 due to effect issue, when export as SVG will appear in black part, replaced with png, but then move away from one avocado the png size change, need to be fixed

Make the whole thing more in-depth

The left and right element only can display on chrome but not firefox, need to be fixed
